Kidsborough Before and After School Fun

The Program:

Kidsborough is a before and after-school program designed to meet the needs of school age children and their parents. Each day the children work in small groups to complete their homework. Group leaders provide assistance as needed. This leaves your evenings free for family time. Following homework, the children may participate in an art, science or cooking activity, use the computer lab, learn Spanish, read a book, or just enjoy free-time with their friends.

Size/Ratios:

The Program is limited to 40 children per day. This creates a personal environment where every teacher knows every student by name. The staff to student ratio is 1 to 8.

For many activities, students are grouped into grades K-3 and 4-5 so children may participate in activities with their peers, and instructors to customize the curriculum.

Program Staff:

All group leaders exceed the state requirements for their positions and most have a minimum of a Bachelor's degree.

Dates to Plan for... (Yes, we are open)
